Dear Friends of the Hauser Center:

This is an invitation to submit your proposals for the 2007-2008 round of funding from the Hauser Center for Nonprofit Organizations' Student Organization Activities Fund. We have up to \$7,500 available. Because of the size of the fund and the number of applications we are reviewing proposals just once this academic year. Please keep this in mind when applying especially if your event is in the spring.

Last spring, we received applications from Harvard student organizations totaling \$5,580. We supported the following student activities.

- \$500 to the Women's Policy Journal of Harvard for a project that will distribute the Journal to incoming KSG students. Submitted by Cheryl Baum.
- \$1,000 to the Black Policy Conference Steering Committee for their 3rd Annual Black Policy Conference, "Speaking Truth to Power." The conference was held April 13-14, 2007. Submitted by Jacqueline Greer.
- \$1,000 to the International Development Conference for their 13th Annual Development Conference, "The Way Forward," The conference was held April 20-22, 2007. Submitted by Emmanuel Nougá-Ngog.
